<i>Preface</i>	
PETER HOBSON AND BEATE HERMELIN	xix
Part I Introduction	1
1 Concepts and theories of memory	
JOHN M. GARDINER	3
Part II The neurobiology of memory in autism	21
2 Temporal lobe structures and memory in nonhuman primates: implications for autism	
JOCELYNE BACHEVALIER	23
3 Acquired memory disorders in adults: implications for autism	
ANDREW MAYES AND JILL BOUCHER	43
4 A comparison of memory profiles in relation to neuropathology in autism, developmental amnesia and children born prematurely	
CLAIRE H. SALMOND, ANNA-LYNNE R. ADLAM, DAVID G. GADIAN AND FARANEH VARGHA-KHADEM	63
5 Possible parallels between memory and emotion processing in autism: a neuropsychological perspective	
YIFAT FARAN AND DORIT BEN SHALOM	86

6	Dysfunction and hyperfunction of the hippocampus in autism? G. ROBERT DELONG	103
Part III The psychology of memory in autism		123
7	Memory within a complex information processing model of autism DIANE L. WILLIAMS, NANCY J. MINSHEW AND GERALD GOLDSTEIN	125
8	Episodic memory, semantic memory and self-awareness in high-functioning autism MOTOMI TOICHI	143
9	Episodic memory and auto-noetic consciousness in autistic spectrum disorders: the roles of self-awareness, representational abilities and temporal cognition SOPHIE LIND AND DERMOT BOWLER	166
10	Impairments in social memory in autism? Evidence from behaviour and neuroimaging SARA JANE WEBB	188
11	Memory characteristics in individuals with savant skills LINDA PRING	210
12	Working memory and immediate memory in autism spectrum disorders MARIE POIRIER AND JONATHAN S. MARTIN	231
13	Rehearsal and directed forgetting in adults with Asperger syndrome BRENDA J. SMITH AND JOHN M. GARDINER	249
14	Memory, language and intellectual ability in low-functioning autism JILL BOUCHER, ANDREW MAYES AND SALLY BIGHAM	268

Part IV Overview

15	Practical implications of memory characteristics in autistic spectrum disorders RITA R. JORDAN	291
16	A different memory: are distinctions drawn from the study of nonautistic memory appropriate to describe memory in autism? LAURENT MOTTRON, MICHELLE DAWSON AND ISABELLE SOULIÈRES	311
17	Memory in ASD: enduring themes and future prospects DERMOT M. BOWLER AND SEBASTIAN B. GAIGG	330
